

## World of Aestilon

### Layers

There are four major layers in Aestilon.

- The skies of Aestilon are dotted with an uncountable amount of [Skylands](#). The largest of these is the city of [Rurua](#).
- On [The Surface](#), we find the majority of the civilized world, mainly centered around the 7 great cities and [Tractas](#). Outside of these, there are many dangerous locations and a wild land of magic and monsters.
- [The Underground](#) is a sprawling network of tunnels, dotted with caverns. Most of the great cities have some sort of minor presence here. Despite being underground, each surface region strongly influences the underground regions.
- [The Deep](#)s are a fairly unknown entity. The only trustworthy entrance is in [Rudiana](#), but at any given time, there can be unexpected other entrances dotted in the underground. From these entrances, all kinds of horrific monstrosities can come forth.
