

Obsidian Tunnels

Area [Piam](#)

One of the Aquifers under Piam, pitch dark tunnels form all around this area.

Background

A labyrinth of black-glass caverns formed from ancient magma flows beneath Piam. The tunnels absorb sound and light, creating deep silence and consuming shadows.

This aquifer is sacred to priests of [Calli](#) who study the duality of sun and darkness. Training here focuses on shadow magic, light manipulation, and endurance meditation.

Elementals and underground predators are common hazards.

Notable Features

Nothing found
