## History

His area of study was the origin of worship to the [Three Goddesses](#).

One day he stumbled into [Tractas](#), as he got lost in the outskirts of the jungle. While recovering there, he got interested in the magic of [Rhodius Whyatt](#), which seemed to be celestial of origin. His source seemed familiar to him.

He eventually found an ancient temple to [Nayru](#), believed to be the oldest found so far, which made him quite succesfull.
