## Appearance

## History

An elven sailor at sea, using his druid powers to help his ship flow. He often tells people how important it is for everyone to take care of nature and that when they do, people often forgot the waves of the water. He had that cool surfer boy attitude.

He joined with [Tractas](#) for a while when they reached the coastal areas between [Kalzendil](#) and [Toru](#). There he met and loved [Rhoslia Whyatt](#), while her brother [Rhodius Whyatt](#) did not like him for his obvious surfer attitude, he was too carefree. When Tractas was leaving the coastal area, he offered Rhoslia to come with him, experience the open sea and the underwater marvels. But she chose to stay with her brother in Tractas.
